

**ARCHITECTURE, ENGINEERING, INTERIOR DESIGN,
HISTORIC PRESERVATION, PLANNING**

Employment Opportunity

Collaborative Design Group, Inc., is a busy, diverse, mid-size office located in the St. Anthony Main complex on the historic Main Street riverfront in Minneapolis. Our nation-wide practice is noted for significant work on behalf of collegiate, public, historic, and multifamily clients. We are also known for our extensive, innovative portfolio of Adaptive Reuse work. This is an excellent opportunity to work in a collaborative, informal environment on some of the most unique projects out there!

We are seeking qualified professionals to join our multi-disciplined team, including:

Senior Project Manager – Architect

Responsibilities:

- Leading project teams from design through construction, maintaining scope, schedule and budget.
- Developing and presenting design and sustainability concepts.
- Mentoring of emerging professionals.
- Project communication and documentation.
- Client and consultant coordination.
- Construction administration.

Qualifications:

- Professional degree in Architecture from an accredited institution.
- Licensed to practice Architecture.
- 10+ years experience.
- Excellent written, verbal, and visual communication skills are essential.
- Ability to work both independently in a self-directed manner, and collaboratively within a project team.
- Technical expertise in construction documents and detailing.
- Project and team management experience.
- Proficiency with Revit.
- Intellectually curious and interested in a wide variety of responsibilities and projects!

Other Beneficial Qualifications:

- Experience with Historic Preservation or Master Planning a plus.
- Service for community and professional organizations valued.
- Interest and/or experience in marketing a plus.

CDG offers a competitive compensation and benefits package. Collaborative Design Group, Inc. is an Affirmative Action, Equal Opportunity Employer.
