

Collaborative Design Group is saddened to forward news of the passing of Dick Faricy. As a founding Principal of Winsor/Faricy, our predecessor firm, Dick was a long-time leader in the architectural profession, a designer of graceful buildings, and a driving force in establishing historic preservation as a significant factor in Minnesota and the Upper Midwest.

To us Dick was also a friend, a company booster, and a personal mentor. His enthusiasm and support for the growing CDG played a big role in shaping our company. His sense of humor and cheerful nature were a delightful part of our office, and he will be much missed.

A visitation will be held at 9:00 am on Saturday, September 6, at Assumption Church, 51 West 7th Street, St. Paul. Mass will follow at 10:00 am.
